# DR. PRICE'S Cream Baking Powder.

The Only Pure Cream of Tartar Powder—No Ammonia, No Alum.

Used in Millions of Homes—40 Years the Standard

The Hygieine Club made its longest trip through... Yates, Tandy, Dewey and Elk took an early start and made a run of 22 miles between Clarksville and 1 hour and 40 minutes, without a stop in an accident except a bump for Dewey. Four miles out they were met by the Clarksville club, who took charge of them and provided them like beds the whole day, feeding all bills of every description. In the afternoon both clubs made a trip over the dusty streets of Clarksville and after a short rest the Hopkinsville boys, who had been joined later in the day by Chas. Brown, returned Sunday morning, returning Sunday night. They brought along a brass band and made things quite lively. The excursion was gotten up for the benefit of the C. M. E. church at Clarksville and a handsome sum was realized after paying all expenses. The excursion club returned in the city hall services and nearly all the excursionists attended. They were nice boys, well-dressed and were much pleased with the hearty reception tendered of them.
